

GRAIN MARKETING TOOL

Now you can manage your own grain marketing with the Grain Marketing Tool available in CBH LoadNet.

Plan your grain sales, track prices, view sales performance and manage your position throughout the year and across multiple seasons.

KEY FEATURES

Track and manage your sales position in real time

Set price targets and be alerted when prices are reached

CBH grain contracts synced to your plan

Access anytime, anywhere on mobile, tablet or desktop

**FREE
TOOL**

HOW IT WORKS

Create your plan

- Add your production estimates at commodity and grade level.
- Easily update your yield predictions through the year

Set your selling periods and targets

- Set your sales strategy to preferred selling periods or use default selling periods of pre-harvest, harvest and post-harvest.
- Set target prices for a grade and/or selling period and receive notifications when your targets are reached from prices available in CBH LoadNet.
- Accurately track prices for the specific grades you plan to sell.

Track your sales performance

- CBH grain contracts will automatically sync in the tool under the Contracts section.
- Manually add contracts to keep your position up to date.
- See how your sales are tracking against target tonnes sold to date, target prices, and overall position.
- Use the tool to experiment with hypothetical sales positions.

Get notified

- Notification options include SMS and email.
- Position statements emailed when one of your selling periods ends, so you can stay up to date with your sales position.

Available anywhere, anytime

The Grain Marketing Tool is optimised for mobile phones so you can easily create, monitor and manage your plan on the go, or use your tablet or desktop if preferred.

Get started today

Log in to your CBH LoadNet account and go to the Marketing tab and select Grain Marketing Tool.

Need help?

Your local CBH Business Relationship Manager is on hand to help you with setting up and managing your sales or if you have any questions in executing your plan throughout the year.
