

CBH Fertiliser Product Guide 2023/24

Easy!

**Good quality.
Competitive prices.
Reliable service.**

Easy!

Our fertiliser product range has been selected with input from consultants and industry experts and comes from established suppliers. Our product testing ensures you get the best quality fertiliser for your business.

Visit cbh.com.au/fertiliser to find out more
or call our grower service team today on **1800 199 083**

Easy done.

cbh.com.au

Fertiliser on your terms

CBH Fertiliser has established itself as a strong player in what has become a highly competitive Western Australian commercial fertiliser market. With our low-cost operating model, quality products and competitive pricing we aim to reduce your farm input costs and return value to you as a WA grower.

AN EASY FOUR STEP PROCESS

1

Call one of the team for a customised quote or request one online at cbhfertiliser.com.au (see page 10 for contact details)

2

Fertiliser contracts will be sent to you with product, price, pick up period, payment terms and T&Cs

3

Two weeks prior to pick up period contact us on 1800 199 083 to book a date, time and tonnage for collection

4

Pick up from site as per your booking

Flexible payment options

\$ 30 day payment from end of month

\$ **Pre-Pay Advantage** finance

\$ Credit card and BPAY facilities available via Australia Post

Fertiliser Finance

You can get low cost finance by utilising CBH's Pre-Pay Advantage finance product. Free up your farm capital by using future grain sales to help finance putting your crop in.

Competitive interest rates for approved applicants

No minimum contract size

Pre-Pay Advantage Account automatically paid when you nominate your grain

How does it work?

If you take out a Pre-Pay Advantage contract you are committing grain to CBH and in return CBH provides a pre-payment of \$200 per tonne for that grain. You can use your pre-payment for working capital purposes to grow your crop and you have the flexibility to manage drawdowns from that pre-payment facility as required.

The Pre-Pay Advantage is repaid when you sell your committed tonnes to CBH, or to an approved marketer under the Sell Anywhere feature. Once your pre-payment facility has been repaid in full, any remaining reserved tonnes will be released for you to sell to any grain marketer.

How to apply

Apply online via LoadNet and submit for credit assessment. Application period closes 30 September 2023. Fees and charges, terms and conditions apply and are detailed below.

Please contact your **Business Relationship Manager** or email **CBHMarketingWA@cbh.com.au** for more information.

www.cbh.com.au/marketing-and-trading/pre-pay-advantage

Key Features

- Flexibility for your grain marketing program
- Top up cash flow
- Competitive interest rates
- Easy application approvals
- Flexibility to draw down on funds as needed
- Free up farm capital
- Freedom to release remaining committed tonnes when facility is repaid

Pre-Pay Advantage facility is repaid when you sell grain to CBH.

The rate you pay will be based on the outcome of our full credit assessment of your application. Please note fees apply to your Pre-Pay Advantage facility. An application process, credit assessment, approvals and terms and conditions apply. Please note fees apply to approved applications. Please refer to the CBH website for details.
