Pre-delivery Sample Analysis Form

DECLARATION

The grower / customer warrants and represents that:

- (a) grain being provided as a pre-delivery sample is a true and correct representative that has not been manipulated or created in order to produce a misleading or deceptive assessment of the quality of the grain to be delivered; and
- (b) the grain is representative of each storages from which grain to be delivered to a port terminal facility or site will be drawn.

SIGNATURE:	FULL NAME: (BOCK LETTERS)	DATE
------------	---------------------------	------

IMPORTANT INFORMATION

SAMPLE RESULTS

The sample results will be provided within three (3) business days of the sample being received.

DELIVERY

Once the pre-delivery sample has been approved, please contact the local CBH District Office to arrange for delivery at agreed times.

All loads must have a completed Carters Delivery Form (CDF) provided on delivery. Each load delivered is sampled and graded using current CBH grain receival standards and procedures. If any load is found to be contaminated or under-grade, the load will be rejected.

An audit sample will be taken from each load delivered to test for chemical residues that cannot be assessed at the point of delivery. If the sample results are positive for chemical use (level 1 contaminant) further deliveries will be halted and the contaminated loads process will apply. You may also be liable for cost recovery charges and/or financial penalties.

IMPORTANT: Please note that under the Main Roads WA Harvest Mass Management Scheme (HMMS) rules, deliveries after 28 February each year do not receive any tolerance above their legal safe limits.

CHARGES

Charges apply to all grain delivered from 1 March. Please refer to the Charges Schedule on the CBH website (www.cbh.com.au) for current charges.
