

► How to Place an Offer

Offer Details

- 1 Click on the **MarketPlace** tab. You can place an offer from any one of the sub tabs. For example, you might want to check market analytics before placing your offer.
- 2 Click on **Analytics**, ensure the filters are set correctly so you see the right information.

- 3 Click on **Place Offer**.
- 4 Select your **Grower Number** and click **Next Step**.
- 5 Select **season, port, commodity and grade** based on the offer details.
- 6 Enter your **price per tonne** and select an **offer expiration option**.
- 7 Click **Next Step**.

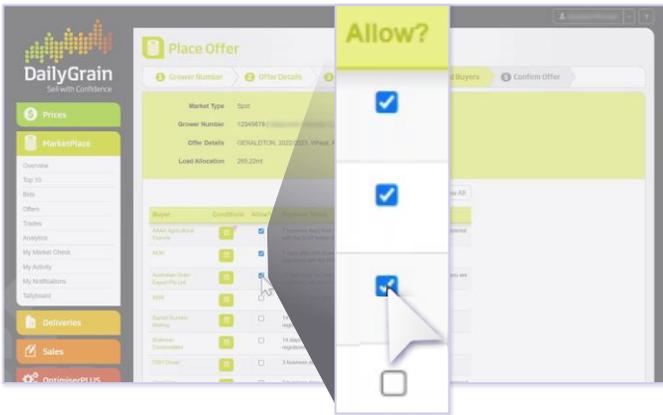

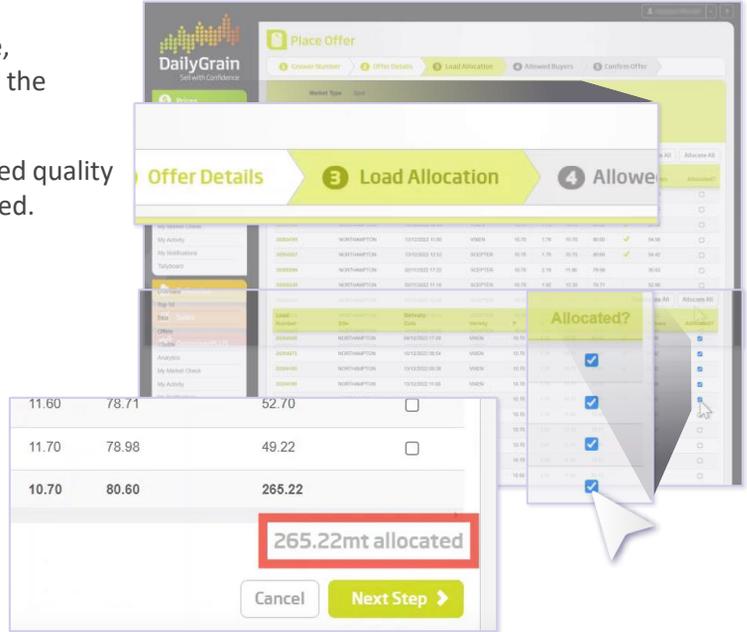

► How to Place an Offer

Load Allocation

1 Using the **checkboxes** on the right side, select which loads will be allocated for the offer.

**NOTE:** For wheat, if you have completed quality optimisation, the checkbox will be ticked.

2 Your total allocated tonnes will be displayed, click **Next Step**.

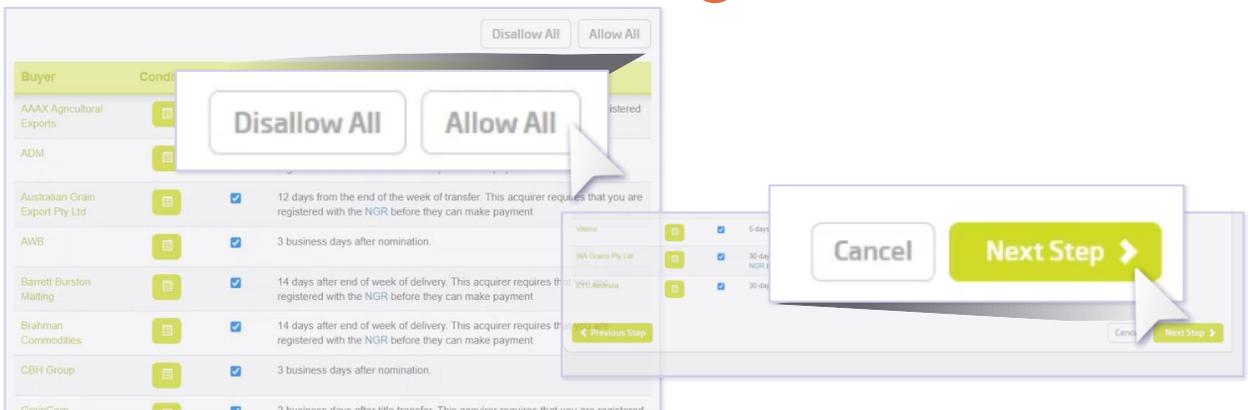

Allowed Buyers

1 Select the **Allowed Buyers** by clicking the checkbox in the **Allow** column.

**NOTE:** You can click the **conditions icon** to view conditions for specific buyers, you can also select **all buyers** by clicking the **Allow All** button.

2 Click **Next Step**.

► How to Place an Offer

### Confirm Offer

- 1 Review the **order summary** and confirm the details are correct.
- 2 Check you have read and agree to the **Terms and Conditions**.
- 3 Click **Place Offer**.
